UNITED STATES.

Treasury-Department, Sept. 28, 1790.

THE following regulations have been adopted towards carrying into execution the act, making provision for the debt of the United States.

WHEN a transfer is to be made from one person to another, the *certificate or certificates* of the debt to be transferred, must be produced at the proper office, in order that the same may be cancelled, and a new one, or new ones issue, as the case shall require.

When a transfer is desired from one office to another, application must in the first instance be made to the office where the credit exists, whereupon the certificate or certificates of the debt to be transferred will be cancelled, and a special one granted, as a voucher to the Secretary of the Treasury; upon the production and delivery of which to him a warrant will issue to the office, to which the debt is to be transferred, where the business will be completed.

The form (A) at foot hereof, has been adopted for use of attorney, to make transfers, which, and the directions for completing it, it is expected will be carefully observed.

In every case of a transfer of the subscribed or funded debt, the new certificate will bear interest, only from the first day of the quarter, in which the transfer is made. The unpaid interest which may have accrued prior to the quarter, will be paid only to the person, who was stockholder at the time it accrued, or to his *special* assignee.

Fourteen days before the expiration of each quarter, the books of each office will be closed; so that no transfers will be made, nor except at the Treasury, will any subscriptions be received, or old certificates exchanged for new ones, on the application of non-subscribers, during that period. This, the proper distribution of the funds and the preservation of order render indispensable.

On the subscribed or funded debt, interest as it becomes due, will be paid without production of the certificates issued for the same. On the unsubscribed debt, if any there shall be, the production of the certificates will be necessary in order to the receipt of the interest, and an indorsement of the payment of it upon the certificates. This however in consideration of the risk and inconvenience of transmission, will not be required of those who hold certificates in the Register of the Treasury, and reside out of the United States. The form (B) at the foot hereof, of a letter of attorney for receiving interest, and the directions therewith it is expected will be carefully pursued.
